Gents

I enclose \$1. for  
a priced catalogue of the Mills' sale  
of coins.

I may send you a few of my  
old cents for your opinion as to their  
value if it meets your approval - I  
have more than 100 altogether - Among  
them I find one with ship on one  
side with "Trade & Navigation" around  
the ~~end~~ edge - the other side has  
"Half Penny Token" in center with "Pure  
copper preferable to paper" around the  
edge - Date 1813 - Is it of any account?

Respectfully

Francis H. Hinds
